

File 20090407.1800: Dr Martin says to talk to Marcel Winandy re: CC evaluation of PP.  
Notes for book:

- I need a tweed jacket for protective colouration when doing interviews.
- Need some Oxford business cards.

Cynthia Irvine is one of four authors of the certified EAL7 SKPP. NSA is the official author, but she is one of the four people who wrote it. Since GHS started their evaluation effort before the SKPP was certified (a moving target, which made it even more difficult according to Mr Kleidermacher), I will have to talk to her as well. She intimidates me.
