

File 20100428.1447: Notes from RMUG:

Baseline Infrastructure support: see Marsha's brief on business ops (Navy message in ALL CAPS explains the different types of support levels)

Messhiela Sparrow, NSA: I173 Cross Domain CT&E

Risk Decision Authority Criteria (RDAC)

Classified Connection Approval Office (CCAO)

Three types of risk: Technical Risk (TR), Data Risk (DR), Attack Risk (AR)

Data risk is assessment of risk of spillage/policy bypass threat.

RDAC model assigns one of five ratings to each of TR, DR, AR:

- Low
- Medium
- High
- Extreme
- Unlimited

Any CDS operating on TSOL 8 will automatically get a sunset date of October 2012. That means all CDSs, not just RM. Any site that has a CDS on the sunset list but can't replace it can work with the CDMO to accomodate. They will work with you to create a POA&M.
