

File 20110126.0747: Notes for WAR: I received the comments of Prof. Kwiatkowska on my GSS report this term; she checked the 'concerns' box but only said that I need to work hard on the next confirmation report. I am doing that.

The Air Force sponsor asked for another report, this time on metrics. I gave it to them and the sponsor was very pleased, mentioning something about his other projects were not as responsive.

I need a meeting with Dr Martin.
