

File 20091120.2108: I talked with Russ Savage in the corridor at Deer Creek today (after meeting with Tom Marso regarding Prob. Redaction). I told both Marso and Savage that I don't have time right now for a second doctoral dissertation. I told Savage that someone else could write it up!

Be sure to get the notes from Kevin about last week's CT&E meetings with the certifier that Kevin attended.

Be sure to get a reimbursement request to Kenny regarding the ISSEP exam.
