

File 20100331.2042: Notes for Greg Edwards talk on 9th April:

Larry Brown wrote back saying the abstract looks perfect. I am now beginning to write the presentation.

People are always asking on the DL-ISSWG mailing list for an *approved* this or that.

I can't really tell you what it costs, because we don't have a price list. That's because you have to tell us what options you want: air conditioning, power seats, sunroof. Here is the contact information if you want a Radiant Mercury. Call Craig Christiansen and he'll get you set up.

Note the absence of TMAN on the UCDMO list of approved guards.
