File 20110727.2040: Steve Yegge's talk at OSCON Data 2011 on going to work *now* on big problems, not just another cat pictures social web site, was inspiring. URI: `http://www.youtube.com/watch?v=vKmQW_Nkfk8`. I got to it from Benjamin Black on fighter plane data context: `http://www.youtube.com/watch?v=ZcKMBmYS24k`. See the quotation from John Boyd on operating at the edge of chaos and getting inside your adversary's OODA loop.
